

SPORTSTER

SOME MORE QUESTIONS ASKED ABOUT OUR MARLIN SPORTSTER

Must I buy all the parts to build my Sportster at the outset?

No, it is not necessary to buy all the parts at one time but most initial orders include most of the major components to build to the rolling chassis stage as listed in the modules below.

Is there any weather equipment?

Yes, there is a very easy to erect roof with side panels. The roof is water tight and stores away behind the seats, taking up very little space, space when not in use.

Can I race my Sportster?

Yes, Marlin successfully raced in the 750 series club championship at various race courses throughout England and Wales. The Sportster has also been extremely successful in endurance events and hill climbing.

The seven type cars I've tried are too small, what's the space like in a Sportster?

There is ample width and length in the cockpit for most people up to 6' 6" / 16 stone space will seem limited.

How easy is the manual to follow?

Marlin has produced a CD manual with sets of pictures detailing the various stages of the build along with a paper specification manual.

COMING SOON IN 2011

A complete one piece roof system that folds away neatly on to the back of the car leaving all the space behind the seats free for extra luggage ☺. Photo's available soon. For more information please contact Terry on 01363 773772

- 1 x Eight gallon tank (baffled for fuel injection supply)
- 1 x One way air vent valve
- 2 x Long tank straps
- 2 x Short tank straps
- 1 x length 50mm connection hose
- 1 x Length installation rubber
- 2 50mm Hose clips
- 1 x Hose mounted filler neck
- 1 x Remote expansion bottle kit (including cap and hose)

Module 2 Price	£ 755.00
-----------------------	-----------------

The following can be added at this stage as additional parts

Exhaust system for e30 & e36	
1 x Manifold front	
1 x Manifold rear	
1 x De-Cat pipe	
1 x 'Y' Section cross pipe	
1 x Left hand link and side pipe	
1 x Right hand side pipe	
2 x Re-Packable silencers	
1 x Silencer	
2 x Straps and fixings	£ 852.50

1 x Catalytic converter (universal)	£ 85.00
-------------------------------------	---------

2 x Stainless steel exhaust escution rings	£ 15.00
--	---------

1 x Fuel injection pump (high pressure)	£ 99.99
1 x Fuel injection feed pump (low pressure)	£ 67.99
1 x Fuel swirl pot (aluminum)	£ 65.99
1 x Fuel level sender	£ 32.99

1 x Grill mesh – stainless steel	£ 79.99
1 x Electric fan kit 12" (inc thermostat and brackets)	£ 119.99
1 x Propshaft (made to order) (can use donor)	£ 184.99

1 x Carbon fiber dashboard	£ 155.00
1 x Wiring loom (complete with fuse box and instructions) (can use donor)	£ 179.00

Instrument kit x 6 gauges (electronic) black or cream available	
1 x 80 mm Rev Counter	
1 x 80 mm Speedo	
1 x 50 mm Oil pressure gauge	
1 x 50 mm Fuel gauge	
1 x 50mm Water Temperature gauge	
1 x 50mm Volt meter	
1 x Water Temperature Sender	
1 x Oil pressure sender	
1 x Fog light switch	
1 x Hazard Light Switch	
1 x Brake/fluid Warning Light	
1 x Main beam Warning Light	
1 x Ignition Warning Light	
1 x Indicator Warning Light	
1 x Oil Warning Light	£ 588.00

MODULE THREE – Rest of Body parts and Kit parts

- 2 x 'A' panels** (aluminum)
- 2 x Bonnet tops** (aluminum)
- 2 x Bonnet side panels** (aluminum)
- 2 x Bonnet stiffeners** (aluminum)
- 2 x Doors with door pockets & hinge assemblies** (aluminum)
